## Seven Southern Retreats Where Winter Shines

Cozy getaways that make the best of cold temperatures

Summer travel is classic fun, sure, but don't overlook winter and its quiet and bountiful beauty. From boutique country inns to sprawling mountain estates, here are seven Southern retreats where you won't fret if there's a little chill in the air.

### Keswick Hall

*Keswick, Virginia*

Freshly reopened, century-old Keswick Hall makes an ideal base for exploring Charlottesville and its surrounding wineries. Whether you choose to venture out or stay inside all day, don't miss a meal (or two, or three) at Marigold, the new onsite restaurant by chef Jean-Georges Vongerichten, with seasonal dishes such as fig compote and burrata in aged balsamic and tarragon, and beef tenderloin with miso mustard and parsnips. You'll want to save room for the caramelized apple pie and a tumbler of amaro.
